

	<h2>NHS Summary Care Record with additional information</h2>
	<p>If you are registered with a GP practice in England you will have a Summary Care Record (SCR), unless you have previously chosen not to have one</p>
	<p>Summary Care Record (SCR)</p> <p>includes important information about your health:</p> <ul style="list-style-type: none"> • Medicines you are taking • Allergies you suffer from • Any bad reactions to medicines
	<p>You may need to be treated by health and care professionals that do not know your medical history.</p>
	<p>Details about your healthcare can be hard to remember, particularly when you are unwell or have complex care needs.</p>
	<p>Having a SCR will help you remember important information.</p>

	<p>SCRs can help the staff involved in your care make better and safer decisions about how best to treat you.</p>
	<p>You can choose to have additional information included in your SCR</p> <p>This information includes:</p> <ul style="list-style-type: none"> • Your illnesses and health problems • Operations and vaccinations, you have had in the past • How you would like to be treated - such as where you would prefer to receive care • What support you might need • Who should be contacted for more information about you?
	<p>What to do next?</p>

If you would like this information adding to your SCR, then please complete this form, and return to the relevant GP surgery. If you are completing this form on behalf of another person, please provide their details below and we would ask that you sign and date the document.
